Non-threatening questions to engage and atheist in a conversation

- What makes you most excited about being an atheist?
- Do you ever feel judged by others for rejecting the existence of God?
- Why have you chosen to not believe in the existence of God?
- Will you go wherever the evidence leads? (Even in opposition to your worldview?)
- Many scientists conclude the evidence points to a Designer. Think it's possible?
- Ever considered that you could be wrong about God's existence. Consequences?
- Is it okay with you if I share what I believe about our origins?

Areas You Can Admire an Atheist (Ways to engage/admire other worldviews visit dare2share.org/worldviews)

- Commitment to reason and logic.
- Willingness to wrestle with tough questions.
- Belief that no one person has all the answers.
- Courage to face life & its hardships without a belief in a loving and all-powerful God or an afterlife.
